MAYOR'S MESSAGE

June 30, 2022

I am pleased to present a copy of the District of New Hazelton Annual Report for 2021. I hope that you will find the information presented useful and enlightening.

In the spring of 2021, our contractor, Alfred Horie Construction, broke ground for our new office building. We were very fortunate to receive the Northern Capital Planning Grant grant from the Provincial government that enabled us to build much sooner than we had anticipated. After a few delays with hydro and the supply chain, staff were finally able to move in on December 10th and began to settle into the new space. A special thanks to Roger Smith, our Public Works Superintendent for overseeing the project on top of all his other duties! We love the new building and are very excited to be working with Leah Pipe to design the artwork in collaboration with many other talented artists and photographers in the Upper Skeena area; Michelle Stoney, Alex Stoney, Nathan Combs, and Monty Stevens to name a few. It is a work in progress and we welcome you to stop by and check it out anytime!

The Misty Rivers Community Arts Council chose to relocate to New Hazelton in early 2022 and officially opened its doors in the old Meeting Center. The Arts Council is providing the new office with a rotating display of local artists' work. Keep coming in to check out what is new!

The Erwin Stege Community Centre was still under Provincial Health Protocols for most of 2021 and was strictly used for government functions such as the vaccine clinics and court services. We look forward to being able to open the space in 2022 for activities to resume in full capacity.

We are still actively working with Bulkley Valley Insurance in Smithers to train two staff members to become licensed brokers for house insurance. Once the staff are licensed, we will be able to offer the full complement of services that BVIS offers. Until then, we are able to accept payments or submit documents on your behalf. Hopefully we will be up and running soon and will keep you posted!

Our public works crew continue to work hard at maintaining our roadways, upgrading our water distribution system, and adding additional storm sewers throughout various streets in the community. Our snow removal continues to be one of the best around and I continue to be very proud of the work that is done by our crew.

We welcomed Fire Chief Helene Paranich to our team in 2021 and she, along with her senior firefighters are actively recruiting and training new members. Please feel free to drop by the fire hall or contact Helene if you are interested in joining. Thank you Helene, for your dedication and that of your crew! You are amazing!

2021 continued to be challenge to offer community celebrations with all of the health protocols and the need to keep everyone as safe as possible. We look forward to being back in 2023 and ready to offer our spectacular events for everyone.

As we move through 2022, staff will continue to maintain our infrastructure and work hard to provide the best service possible for all of our residents. I would like to thank the staff for the continued perseverance and dedication to the District of New Hazelton. You are a great team!

Thank you for taking the time to read our Annual Report. If you have any questions, please do not hesitate to drop by the office and have a chat with the staff.

Gail Lowry

Mayor

The District of New Hazelton December 31, 2021

MANAGEMENT'S REPORT

The management of The District Of New Hazelton is responsible for the integrity of the accompanying financial statements. The financial statements have been prepared by management in accordance with Canadian public sector accounting standards. The preparation of the financial statements necessarily includes some amounts which are based on the best estimates and careful judgment of management.

To assist in meeting its responsibility, management maintains accounting, budget and other internal controls. These controls provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, in order that the integrity of financial records is maintained.

The financial statements have been audited by the independent firm of MNP LLP Chartered Professional Accountants. Their report to the Mayor and Council, stating the scope of their examination and opinion on the financial statements accompanies this statement.

INDEPENDENT AUDITOR'S REPORT

To the Mayor and Members of Council of The District of New Hazelton

Opinion

We have audited the financial statements of The District of New Hazelton (the "District"), which comprise the statement of financial position as at December 31, 2021, and the statements of operations, changes in net financial assets and cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the District as at December 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report. We are independent of the District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of the auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the District's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the District or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the District's financial reporting process.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted to accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of account and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the District to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Cash and short-term investments - end of year	\$ 2,838,307	\$ 4,262,745

The accompanying notes are an integral part of these financial statements.

1. General

The District of New Hazelton (the "District") was incorporated under the provisions of the British Columbia Municipal Act. Its principal activities are the provision of local government services in the District, as governed by the Community Charter and the Local Government Act.

Impact on operations of COVID-19 (coronavirus)

In early March 2020 the impact of the global outbreak of COVID-19 (coronavirus) began to have a significant impact on businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders.

The District's operations were impacted by COVID-19 due to closure of recreational facilities, added cleaning and supply costs, cancellation of events, and delay of major projects requiring outside consultants and contractors.

The impact of COVID-19 has been partially offset by available Government programs for which the District was eligible, including the COVID-19 Safe Restart Grant.

At this time, it is unknown the extent of the impact the COVID-19 outbreak may have on the District as this will depend on future developments that are highly uncertain and that cannot be predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, business closures or disruptions, and quarantine/isolation measures that are currently, or may be put, in place by Canada and other countries to fight the virus. While the extent of the impact is unknown, we anticipate this outbreak may cause delays in capital projects requiring outside consultants and contractors, increased prices of goods, supply chain disruptions, staff shortages, and increased government regulations, all of which may negatively impact the District's ability to operate and financial condition.

2. Significant accounting policies

The financial statements of The District are prepared by management in accordance with Canadian public sector accounting standards for municipal governments established by the Public Sector Accounting Board ("PSAB") of CPA Canada. The significant accounting policies are summarized as follows:

a) Basis of accounting

The basis of accounting followed in these financial statements is an accrual method and includes revenues in the period in which the transactions or events occurred that gave rise to the revenues and expenses in the period the goods and services were acquired and a liability was incurred.

b) Fund accounting

Funds within the financial statements consists of the operating, capital and reserves funds. Transactions between funds are recorded as inter fund transfers.

Operating Fund -	This fund, consisting of the general, water and sewer operating funds, comprises the operating costs of the services provided by the District.
Capital Fund -	This fund, consisting of the general, water and sewer capital funds, comprises property, plant and equipment expenditures and related financing.
Reserves Fund -	The reserves fund has been established to hold assets for specific future purposes as approved by Council. Allowable transfers to and from these funds are defined in reserve fund establishment bylaws.

(continued)

2. Significant accounting policies *(continued)*

c) Tangible capital assets

Tangible capital assets, comprised of capital assets and capital work-in-progress, are recorded at cost less accumulated amortization and are classified according to their functional use. Amortization is recorded on a straight-line basis over the estimated useful life of the asset commencing the year the asset is put in to service. Donated tangible capital assets are reported at fair value at the time of donation. Estimated useful lives are as follows:

Buildings	20 to 50 years
Equipment, furniture and motor vehicles	5 to 20 years
Transportation and transit services	15 to 40 years
Water infrastructure	10 to 100 years
Sewer infrastructure	25 to 85 years

d) Inventory

Inventory of supplies is recorded as a non-financial asset and is valued at the lower of cost and net realizable value. Cost is determined by the first-in, first-out method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling costs.

e) Revenue recognition

Taxation revenues are recognized at the time of issuing the property tax notices for the fiscal year. Fees and charges revenue are recognized when services are rendered. Investment income is accrued as earned.

Other revenues are recognized when earned in accordance with the terms of the agreement when the amounts are measurable and when collection is reasonably assured.

The District recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. Grants and donations are recognized in the financial statements in the period which the events giving rise to the transfer occur, eligibility criteria are met, and reasonable estimates of the amount can be made. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability (deferred revenue). In such circumstances, the District recognizes the revenue as the liability is settled.

Deferred revenue represents user charges and other fees which have been collected, for which the related services have yet to be provided. These amounts will be recognized as revenue in the fiscal year the services are provided

f) Basis of segmentation

Municipal services have been segmented by grouping services that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment.

(continued)

2. Significant accounting policies (continued)

g) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenue over expenses, provides the change in net financial assets for the year.

h) Use of estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. It is reasonably possible that circumstances may arise that cause actual results to differ from management estimates, however, management does not believe it is likely that such differences will materially affect the District's financial position. Adjustments, if any, will be reflected in operations in the period of settlement.

Significant areas requiring the use of management estimates relate to amortization of tangible capital assets, the collectability of accounts and taxes receivable.

i) Financial instruments

The District's financial instruments consist of cash and short-term investments, accounts receivable, trade, and other and accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that the District is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

j) Cash and short-term investments

Cash and short-term investments are comprised of amounts held in the District's bank accounts including cash deposits, short-term investments with maturity of one year or less and Municipal Finance Authority of B.C. money market funds.

k) Liability for contaminated sites

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the District of New Hazelton is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at December 31, 2021.

At each financial reporting date, the District reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The District continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

There are no liabilities recorded for contaminated sites at December 31, 2021 as the District has not identified any contaminated sites.

3. Cash and short-term investments

Cash and short-term investments are comprised of cash on deposit and investments as follows:

	2021	2020
- Money market fund	\$ 224,667	\$ 224,324
Cash	2,608,179	4,033,041
Term deposits	5,461	5,380
	\$ 2,838,307	\$ 4,262,745

4. Accounts receivable, trade and other

	2021	2020
Government grants receivable:		
Provincial		
Northern Development Initiative Trust	\$ 59,458	\$ 67,247
GST rebate	131,298	28,479
Other	123,073	59,435
	\$ 313,829	\$ 155,161

5. Gas tax community works fund

	2021	2020
UBCM Federal Gas Tax Community Works Fund reserve - balance at beginning of year	\$ -	\$ -
Amount received during the year	162,957	79,550
Interest revenue	346	-
Regional District USRC contribution	(40,000)	(40,000)
Community hall	-	(39,550)
Balance - end of year	\$ 123,303	\$ -

UBCM Federal Gas Tax Agreement Community Works Fund
Municipal Finance Authority of B.C. investments:

Gas tax funding is provided by the Government of Canada. The use of the funding is established by a funding agreement between the District and the Union of B.C. Municipalities. Gas tax funding may be used towards designated public transit, community energy, water, wastewater, solid waste and capacity building projects, as specified in the funding agreements.

THE DISTRICT OF NEW HAZELTON
NOTES TO FINANCIAL STATEMENTS
AS AT DECEMBER 31, 2021

6. Equity in tangible capital assets

Equity in tangible capital assets represents the net book value of total capital assets less long term obligations assumed to acquire those assets. The change in equity in tangible capital assets is as follows:

	2021	2020
Increases:		
Capital acquisitions	\$ 2,613,675	\$ 413,623
Decreases:		
Dispositions at net book value	(59,498)	(256,780)
Amortization	(491,234)	(442,626)
Change in equity in tangible capital assets	2,062,943	(285,783)
Equity in tangible capital assets - beginning of year	9,884,414	10,170,197
Equity in tangible capital assets - end of year	\$ 11,947,357	\$ 9,884,414

7. Accumulated surplus

	2021	2020
Operating fund	\$ 2,361,865	\$ 1,425,084
Reserves fund (<i>Schedule 3</i>)	601,522	3,052,123
Equity in tangible capital assets (<i>Note 6</i>)	11,947,357	9,884,414
	\$ 14,910,744	\$ 14,361,621

8. Net taxes available for municipal purposes

Property	\$ 943,014	\$ 893,553
Frontage	61,713	62,048
Revenue in lieu of taxes	50,998	51,559
Penalties and interest on taxes	11,325	12,281
	1,067,050	1,019,441
Less taxes on behalf of:		
School District	219,382	202,603
North West Regional Hospital District	34,346	34,178
Regional District of Kitimat-Stikine	165,992	143,587
B.C. Assessment Authority	3,760	3,719
Other	-	12
	423,480	384,099
Net taxes available for municipal purposes	\$ 643,570	\$ 635,342

THE DISTRICT OF NEW
HAZELTON NOTES TO
FINANCIAL STATEMENTS AS AT
DECEMBER 31, 2021

9. Government grants and transfers

The following government grants and transfers have been included in revenues:

	2021	2020
Unconditional grants and transfers		
Provincial	\$ 467,000	\$ 476,659
Regional District / Other	5,000	7,382
	472,000	484,041
Conditional grants and transfers		
Provincial	142,138	958,227
Recognition of deferred revenue - UBCM Federal Gas Tax Agreement		
Community Works Fund	40,000	79,550
Regional District / Other	87,365	65,058
	\$ 741,503	\$ 1,586,875

10. Commitments and contingencies

a) Capital requirements

District Council has approved a 2021 - 2025 tangible capital expenditure financial plan of \$4,318,000. The 2021 requirement of \$2,866,215 is to be funded from an allocation of surplus funds.

b) Pension plan

The District and its employees contribute to the Municipal Pension Plan (a jointly-trusteed pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of the assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits provided are based on a formula. As at December 31, 2020, the plan has approximately 220,000 active members and approximately 112,000 retired members. Active members include approximately 42,000 contributors from local government.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation for the Municipal Pension Plan as of December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The District of New Hazelton paid \$63,639 for employer contributions to the plan in fiscal 2021 (\$63,071 in 2020).

The next valuation will be as at December 31, 2021, with results available in 2022.

10. Commitments and contingencies (continued)

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

c) B.C. Assessment Authority appeals

Due to the uncertainty of the outcome of appeals to the B.C. Assessment Authority, it is not possible to accurately estimate any liability to repay taxes or any asset for taxes receivable. It is the policy of the District to record the effect of any tax adjustments relating to outstanding appeals in the year the taxes are repaid or received.

d) Reciprocal Insurance Exchange Agreement

The District is a subscribed member of the Municipal Insurance Association of British Columbia (The "Exchange") as provided by Section 3.02 of the Insurance Act of the Province of British Columbia. The main purpose of the Exchange is to pool the risks of liability so as to lessen the impact upon any subscriber. Under the Reciprocal Insurance Exchange Agreement the District is assessed a premium and specific deductible for its claims based on population. The obligation of the District with respect to the Exchange and/or contracts and obligations entered into by the exchange on behalf of its subscribers in connection with the Exchange are in every case several, and not joint and several. The District irrevocably and unconditionally undertakes and agrees to indemnify and save the other harmless subscribers against liability losses and costs which the other subscriber may suffer.

e) Contingent liabilities

The District, as a member of the Regional District of Kitimat-Stikine, is jointly and severally liable for their net capital liabilities.

11. Annual budget

Fiscal plan amounts represent the Financial Plan Bylaw adopted by Council on May 3, 2021.

The Financial Plan anticipated the use of surpluses accumulated in previous years to balance against current year expenses in excess of current year revenues. In addition, the Financial Plan anticipated capital expenses rather than amortization expense.

The following shows how these amounts were combined:

Financial Plan approved by Council \$ -

Add Back:

Amortization	(350,000)
--------------	-----------

Transfers to/from own funds	(454,893)
-----------------------------	-----------

Less:

Capital expenditures per budget	4,318,000
---------------------------------	-----------

Transfer to/from reserve	(2,866,215)
--------------------------	-------------

Annual Surplus per Statement of Operations	\$ 646,892
--	------------

12. Segmented information

The District is a diversified municipal government institution that provides a wide range of services to its citizens such as roads, water, sewer and drainage infrastructure, fire protection, police protection (RCMP), cemetery, garbage collection, the Erwin Stege Community Center and parkland. Distinguishable functional segments have been separately disclosed in the segmented information. The nature of the segments and the activities they encompass are as follows:

General government services

The Chief Administrative Officer is the liaison between Council and the District departments and staff. The Corporate Officer supports the legislated activities of Council, and provides information to citizens with respect to Council/Committee processes, reporting procedures and decisions, and District activities.

Protective services

Protection is comprised of fire protection, policing, dog control officer and building inspection. Bylaw enforcement administers, monitors, and seeks compliance with the bylaws enacted by the Mayor and Council to regulate the conduct of affairs in the District. Fire protection is provided by the fire department, whose volunteer members receive compensation for each callout in which they take part.

12. Segmented information (continued)

Protective services (continued)

The District's Management and Public Works Department work together to regulate all construction within the District. This is achieved through the use of the District's Building Bylaw, the British Columbia Building Code, the British Columbia Fire Code and other related bylaws and enactments with the District.

Transportation and transit services

The Transportation (Public Works) Department is responsible for the infrastructure of the District including ensuring clean and safe water to the District, supplied through underground pipes and reservoirs, maintaining a separate system of underground pipes to collect sewer or waste water for proper treatment prior to discharging it, and providing and maintaining the District's roads, sidewalks, street lights, signage and line markings, storm drainage and hydrants.

Cemetery (Public Works) Department provides cemetery services including the maintenance of the cemetery grounds.

Recreation and youth services

The Recreation and Youth Services Department contributes to the quality of life and personal wellness of the community through the provision of a variety of special events, programs, services and facilities.

Water operations

Water includes all of the operating activities related to the treatment and distribution of water throughout the District.

Sewer operations

Sewer includes all of the operating activities related to the collection and treatment of waste water (sewage) throughout the District.

Garbage operations

Administration is responsible for the garbage collection and recycling programs operating in the District of New Hazelton. Garbage collection and recycling services are performed by a contractor.

Tourism and community development

Tourism and Community Development contribute to community organizations providing services to benefit community members.

13. COVID-19 Safe Restart Grant

The District received a COVID-19 Safe Restart grant from the Province of BC. The purpose of the grant was to support the District with increased operating costs and decreased revenues due to the COVID-19 pandemic. In 2021, the grant monies received and spent were as follows:

	2021	2020
Opening balance	\$ 347,411	\$ -
Grant received	\$ -	\$ 357,000
Interest earned	\$ 3,474	\$ 411
Use of grant:		
Revenue shortfall	\$ 2,105	\$ 10,000
Eligible expenses	\$ -	\$ -
Ending balance	\$ 348,780	\$ 347,411

14. Comparative figures

Certain comparative figures have been reclassified to conform with current year presentation.

882, Cassiar Land District \$633.76

DISTRICT OF NEW HAZELTON 2022 ANNUAL REPORT

Municipal Services and Operations -2021-

The District of New Hazelton provides many services to citizens and visitors to the community. These include:

- Curbside Collection
- Streets and roads
- Street lighting
- Potable water supply
- Sanitary sewer
- Storm/runoff drainage
- Parks and trails
- Recreational services
- ICBC Agency
- Motor Vehicle Licensing
- Building inspection services
- Firefighting and prevention
- Highway rescue services
- First Responder services
- Tourism information and promotion
- Planning
- Administration
- House insurance
- Erwin Stege Community Centre

The District of New Hazelton operated with a full-time staff of ten (10) persons during 2021. The full-time public works crew of five (5) was assisted by two (2) summer students. The full-time administration staff of five (5) was assisted by one (1) summer student.

Our Volunteer Fire Department consists of a Fire Chief and 17 volunteer members. The Fire Department members are also responsible for the delivery of service for our Jaws of Life, costs of which are partnered with the Regional District of Kitimat Stikine and the Village of Hazelton.

Our Visitor Centre struggled to find staff at the beginning of the season however we were able to find students and opened fully in July, 2021 and operated for two months. This centre is partnered on a cost sharing basis between the District of New Hazelton, the Regional District of Kitimat Stikine, the Village of Hazelton, and Destination BC.

During the summer, the Public Works department, with the assistance of a local paving company completed various hand patching throughout the District. Overlays were applied on McBride Street from 11th Avenue to 12th Avenue; McLeod Street from 10th Avenue around the corner onto 9th Avenue; 5th Avenue from Churchill Street to Young Street; and a portion of 11th Avenue from Laurier to McBride.

Storm Sewer was installed on McBride Street from 7th Avenue to 8th Avenue and Pugsley Street from 4th Avenue to 5th Avenue.

Thanks to a grant from Northern Development Initiative Trust, the Bulkley Valley Credit Union, and the Bulkley Valley Foundation, we were able to add 8 more pieces of outdoor fitness equipment in Allen Park which continues to be a hit with people of all ages.

The final major expenditure in 2021 was for the construction of our new municipal hall located at 4670 10th Avenue beside the Bulkley Valley Credit Union and the Erwin Stege Community Centre. This was completed entirely from a provincial Northern Capital Planning Grant and reserves that had been put aside for the building in prior years' budgets.

The major emphasis of Council and administration continues to be to preserve existing services and assets without significantly increasing the cost to taxpayers.
