RE: Impending snow event

Hello,

Dawson Road maintenance wanted to advise our stakeholders that there is a projection of a significant snow event for the Smithers and Witset area. This weather storm will begin Monday Jan 15 and is expected to continue through Tuesday January 16, 2024

Important information:

- Accumulation could reach up to 15cm throughout the snow event
- Expect low visibility and cloud cover
- Use caution for any travel and drive to conditions
- A slushy brown spray that dirties windshields, generally means good traction
- Always drive with your headlight and taillights on
- Proceed with caution around sharp bends, since reduced sight distance can hide hazards

Carnaby

	Weather	Temp (C)	Snow Level (m)	Road Snow (cm)	F	I	S
Monday	Mostly cloudy. Light snow showers possible after 3-4 pm.	-12		0-1	Green	Green	Yellow
Monday night	Cloudy. Steady snow begins around 9-10 pm. Snow breaks up into snow showers around 5-6 am.	-14		7-14	Green	Green	Red
Tuesday	Clearing skies. Any lingering snow showers taper off early.	-10		0-1	Green	Green	Yellow

Smithers

	Weather	Temp (C)	Snow Level (m)	Road Snow (cm)	F	I	S
Monday	Mostly cloudy. Light snow showers possible after 3-4 pm.	-15		0-1	Green	Green	Yellow
Monday night	Cloudy. Snow, mainly after 10-11 pm.	-16		7-14	Green	Green	Red
Tuesday	Clearing skies. Snow breaks up early and tapers off by 9-10 am.	-13		1-3	Green	Green	Red

Our Crews and equipment are ready and available to maintain the Highways and roads during this event. We appreciate your patience with our slow-moving vehicles and hope that all trips are planned accordingly to this inclement weather.
